KCM | Company Profile

KCM | Execute technologies with enduring value

With Facility in POR GIDC (Gujarat-India), KCM provides superior technologies for managing the implementation of our solutions programs for Hydraulic Technology, System Automation, Processing Machine Manufacturing 'n' Up gradation & Engineering Solutions in the Engineering & Processing Industry, serving both the domestic and international sectors.

KCM | Mission is simple

KCM brings a fresh and innovative approach to deliver the high performance technologies & services to achieve our goal to exceed the expectations of every client by offering an outstanding customer service, increased flexibility, and greater value, thus optimizing product functionality and improving operation efficiency. KCM's associates are distinguished by their functional and technical expertise combined with their hands-on experience, thereby ensuring that our clients receive the most effective technology and professional service.

KCM | History of one perfectly aligned team

Team work is one of our guiding principles. Unlike others, at KCM our team possess more than 30 years of hands-on experience in the field of our solution programs by sharpening our expertise in some of the reputed MNCs like KUSTERS, ABB, ATSL, JYOTI etc. Whereas we got an opportunity to work globally by joining hands with some technology Inventor companies like POLYTYPE-Swiss, MEGTEC-USA, PAGENDARM-GmbH, KAMPF-GmbH, SANMINA-CA etc. Through in-depth involvement in every stage of an organized industry like Marketing, Engineering Solutions, Erection & Commissioning, System Automations, Customer support 'n' services & the management training like Leadership Management Inc.—USA. We get an edge to these expertises.

KCM | know – How & Hands On Experience

Our team possess more than 18 years of hands-on experience in the field of manufacturing the Textile Wet Processing Machinery by sharpening our expertise in KUSTERS – India Operation (Kusters Calico machinery Ltd.) During our team's tenure our team had designed, manufactured, electrically programmed & executed at site, following major machines & continuous Range's servicing & repairing are the main expertise of KCM Team.

- **Singeing & Desize Ranges**
- **Batch Rotating Stations**
- **A-Frames (All Types & As per Customer Requirements)**
- **Desize Washing Ranges**
- **Continuous Chain Less Mercerizing Ranges**
- **Cold Pad Batch – Dyeing Padders**
- **Finishing Padders / Squeezers**
- **Continuous Washing Ranges**
- **Vertical Drying Ranges**
- **Fabric Trolleys (All Types & As per Customer Requirements)**

KCM | Our Expertise In

- **Above Textile Wet Processing Machines Manufacturing**
- **Mechanical & Electrical Up Gradation of Existing machines**
- **Electro-Mechanical Conversion of Machines**
- **Individual Unit incorporation, Spare Parts & Service Support**
- **Erection & Commissioning of Machine**
- **Process enhancement by Technical Up gradation**
- **Energy Saving & Automation Solutions**
